

PRESBYTERY OF NORTH CENTRAL CALIFORNIA MISSION SUPPORT COMMITTEE
Special Project Support Grants Application

[For mission outreach other than (1) mission trips and conference/events participation
or (2) hunger alleviation applied within the Presbytery]

Preface

The purpose of the Committee on Mission Support is to build bridges, make connections, and provide leadership to enable the Presbytery of North Central California to participate faithfully and effectively together in the mission of Christ in the world.

One of the ways in which we address this ministry is to connect with pastors and congregational mission committees to lift and support their mission outreach and to address common needs and concerns affecting our mission together.

The Committee oversees funds designated for special use in fulfilling the presbytery's mission objectives. Some of the funds are related to peacemaking and justice (workshops, events, and programs), education seminars, local church programs that help to alleviate hunger and poverty, engage in advocacy, and scholarships for mission trips sponsored by Presbytery congregations or PC(USA) programs.

Each of these funds is distributed by special request through Presbytery's Mission Grant Program.

This application form provides the information Mission Support needs to make a faithful decision on the use of funds distributed for special project support. Please provide the information needed and:

- (1) Email a scanned copy of the original signed application to "chezpojke@att.net" (committee chair Sandy Richardson); and
- (2) Mail the signed original to the presbytery office, attention "Committee on Mission Support." (*At this publication date, the office is transitioning elsewhere. Please check the website for the current mailing address.*)

Thank you for agreeing to serve the mission of the church! Before you apply, be sure to read and understand the various policies and terms found in the Mission Support Grant Program Handbook on return of unapplied funds and those that apply to events related to the project for which funding is requested, including that:

- Due to funding limitations, applicant entities that support the benevolences of the denomination may be prioritized.
- Recipients will make themselves available to interpret the project at a congregational or presbytery event, or minimally at a meeting of the Committee on Mission Support and a written report should be sent to the Committee within 30 days of the end of the funded event
